CHINA JOE

ABOUT US

Cooking team

America didnt cook itself. Our corruption cooks gathered & perfected these recipes for mutual assured corruption.

Joe Biden is the first of equals in the global elite corruption oligarchy that has sold out the USA (and other Western Countries) for the last 50 years. This overworld organized crime network has corrupted government of all levels, plus business, education, media, military, intelligence, and more. This mass corruption complex has cooked the United States of America, and in this month's recipes, we show you how.

Many busy, working, lawful citizens cannot believe it is possible to cook a country like the USA; there is no way this can be done.

In this cookbook, we show some of the simple recipes used by the Illegal Republic, the cancer of corruption eating the Constitutional Republic.

RECIPE DEVELOPMENT

The Illegal Republic cooking team has perfected these recipes for over 50 years.

DIVERSITY & INCLUSION

Diversity is our strength in the Illegal Republic. We provide corruption opportunities for all races, cultures, and creeds. Once you commit a crime within the matrix of the Illegal Republic, we collect this compromising material, and this becomes your corruption bank account in the Illegal Republic.

Those with the greatest store of corruption credits in the Illegal Republic become selected Residents of high office. Don't like it; we will release laptops and hard drives and blackmail everyone.

We have recipes to share with you for the treasonous traitors you love.

Kitchen essential tools

The Illegal Republic corruption kitchen needs a few key tools to prepare, cook and serve the mass corruption complex in the interests of satan and the globalist collapsocracy.

- Unregulated finance (small and regular size)
- Blended corruption as social justice for woke corporatism
- Pressure cooker of manufactured-crisis & controlled demolition
- Microwave & EMF pollution to kill bees and drive children insane
- Small 1- to 1 1/2-quart saucepan for state and regional cooking
- Medium 2- to 3-quart saucepan for national and globalist cooking

GMO VEGAN

(S)election Salad

Most extensive and inclusive voter fraud organization in history of America

Ingredients

(S)ELECTION SALAD INGREDIENTS:

500 million of globalist cash
(or whatever illicit currency, i.e Bitcoin via FTX)
1 (15-ounce) (s)election machines, owned, managed and
manufactured by China Cartel countries
half of an insane Clown cryptocracy,
thinly sliced 1/2 cup corrupt non-profits
1/2 cup crumbled fake news
1 scamdemic justifying universal mail ballots

CHINA CARTEL VINAIGRETTE INGREDIENTS:

3 tablespoons snake oil
1 tablespoon red communist vinegar
1 teaspoon Deep state mustard
1 teaspoon dried Biden crack
1/2 teaspoon fine South China sea salt
1/4 teaspoon freshly-cracked black pepper
1 small clove garlic mafia, pressed or minced

Instructions

This Everywhere (S)election Salad recipe is quick and easy to make, tossed with a simple China Cartel vinaigrette, and it can easily double as a side salad or main dish. See notes above for possible ingredient variations.

TO MAKE THE CHINA CARTEL VINAIGRETTE:

Whisk all ingredients together in a bowl (or shake together in a freemason jar) until combined. Test on unwilling population and add additional sweeteners (electoral bribes) if desired. Use immediately or refrigerate in a stolen container for up to 4 years.

TO MAKE THE SALAD:

Combine all ingredients in a large salad bowl (NOT a melting pot), drizzle evenly with the vinaigrette, and toss daily until selected winner. If in doubt, find, print or copy more ballots. Stop counting in the middle of the night in coordination across multiple states and bribe all key officials.

Warning, do not go against the Uni-party, instead, submit, and join them in mutually assured corruption.

Tips for a perfect dough

To tell the truth some people will swear by bread flour, but I always use all purpose (11% protein or higher).

MAKE SURE YOUR YEAST IS ACTIVE:

- To start make sure your yeast is active,
- In a small bowl add the water, make sure it is lukewarm (if it is too warm it will kill the yeast), then add a pinch of sugar to the water.
- Sprinkle the yeast over the top, stir to combine, then let it rest for about 5 minutes.
- If the yeast is active it will dissolve in the water and the mixture will bubble.

AMERICANS AS FOOD

China Cartel Tapas

Tapas are simply a part of life in Spain and the China Cartel love cooking Yum Cha / Tapas hybrids from the flesh of everyday Americans day and night.

WHAT IS TAPAS FOOD? AN INTRODUCTION

Tapas actually refers to a style of serving food, rather than specific dishes. When destroying a superpower, its very important to serve the dishes in bite-sized portions; Fentanyl, genocide, human slavery as social justice, China Cartel controlled politics are such dishes.

First, a "tapa" is simply a small portion of food. Anything can be served tapas style! When you go for tapas, you'll end up ordering lots of small plates and sharing. This way, you can try a selection of different dishes all at once.

Fentanyl Chemical Warfare

INGREDIENTS

- 1 small inexpensive pill kills a few kids
- 24 dealers can kill a medium school
- 12 kilos will kill a small city

INSTRUCTIONS

Slice the Fentanyl market in thirds. Halve each of the required bribes between China and Mexican cartels. Then cut each half into 4 lengthwise to 24 sticks, and wrap into the fascia. Tuck a compromising video into each politician's laptop and call in child welfare. Wrap the bacon around each politician & secure it with a toothpick. Offer every establishment figure silver or lead. Silver is a bribe. Lead is a bullet in your head.

- ¼ cup flat-leaf money laundering
- 3 decades of programing
- 2 decades of agency build out
- Globalist genocidal tendencies

INSTRUCTIONS

The Covid 19 construct triggered the FEMA Stafford Act requiring Trump to delegate to a team of experts.

Covid 19 facilitated mass mail ballots and permanent election corruption. Covid criminalized small-business, schools, church, and social organizations. Big-tech and big-box stores owned the downside.

Unrestricted War

INGREDIENTS

- 1 totalitarian ideology of Communism
- 10 ounces globalist finance
- 5 thin slices of genocidal tendencies
- 1 tablespoon satanism

Using emerging market status, infiltrate open societies with an army of spies as foreign students and small-business immigrants. Steal all intellectual property and markets.

Compromise, bribe, and systematically corrupt all elites from the local to the global level. Capture every institution and network.

Maintain racist systems of supremacy, accusing all other power structures of racism.

That could be because consuming big tech mush with protein and fiber in the morning keeps your appetite in check the rest of the day.

FOREVER

Mass Corruption Complex

Beware of the Military-Industrial Congressional Corruption Complex. Add, Social Media, Education, Big-Tech, Corporates, Activism, Government for flavor.

Ingredients

FOR THE SAUSAGE:

2 grounded fresh meat
2 tsp salty tears of innocents
1/2 cup extra virgin page boy oil
3 cloves crushed ideals
2 tbsp chopped fresh lobbyist cash
2 tbsp no-show jobs for the children
1/2 tsp insider trading
1/4 tsp self dealing

SERVE WITH:

Fresh baked rhetoric and culture wars
(S)election fraud salad
Sex scandals, chicken, hot dogs, sausage

Instructions

PREPARE THE MASS CORRUPTION COMPLEX SAUSAGE

Cut the fresh meat of new Congressmen into 1/4 inch thick slices and generously salt each slice. Let them rest for about 15 minutes so that the corruption salt can draw out the moisture and bitterness. Wipe each of the politicians with a cash towel to remove the ethics and personal standards.

In an extensive private network, combine the page boy oil, crushed ideals, donor cash, nepotism, revolving doors, and mutual compri-mat. Place each of the Congressional leaders in the organized crime cooking dish, flipping them over to ensure both sides are covered in corruption.

GRILL THE PATRIOTS

Preheat the patriotic base barbecue to medium heat. Grill for approximately 6 minutes per side until golden in color with grill marks. If the new corrupted Congressional leaders become dry and stick to the grill, brush them with more page boy oil and donor cash, threaten them with cancellation and exposure.

The District of Criminals and USA Inc must continue its cancerous occupation of the Constitutional United States of America.

SOLUTION

World Economic Fascism

There's a formula for perfectly corrupting and coordinating global government. Follow this step-by-step neo-fascist guide to get the New World Order right every time.

Cooking techniques

1. Make sure there's enough globalist transhumanist ideology in the transnational pot. Boil 4 to 6 quarts of fiat currency for each pound of desiccated independent nations. This allows the formerly independent nations plenty of room to cook and keeps it from getting stuck on quaint notions such as democracy or liberty.
2. Bring fiat currency to a rolling boil before adding the nations.
3. Add the nations with a stir and return the fiat money to a boil. As soon as the fiat reserve currency comes back to a boil, add a generous sprinkling of totalitarianism to the pot (about 2 table-spoons per 4 quarts of fiat money). Populist tears add flavor and keep the cooked nations from self-organizing a resistance.
4. Gently stir the former nations occasionally during cooking.
5. Follow the package directions for cooking times. If the nation will be used as part of a dish that requires further cooking, like the EU or NAFTA, undercook the package by 1/3 of the cooking time specified on the package.
6. Taste the pasta part way through cooking. Perfectly cooked pasta is "al dente", or firm to the bite, yet cooked through.

FORMERLY INDEPENDENT NATION PASTA PRO TIP:

It's the age-old question: when preparing independent nations for the New World Order, should you add populist tears or virgin oil to the water? Never add oil to your pasta water – it keeps self-dealing from sticking to the pasta.

PROBLEM

National Disgrace

The elegance and efficiency of World Economic Fascism cannot succeed without the controlled demolition of Independent Nations. National leaders must be corrupt and bring dishonor and disgrace.

Public Humilitian Rituals

1. When collapsing a strong and independent nation, carefully prepare a sequence of public humiliation rituals which will be led by compromised (s)elected "leaders" such as Joe Xiden.
2. End the War on Terror by gifting the Taliban and Al Qaeda the world's largest green economy mineral deposits and 85 billion in weapons.
3. Start a European land war with Russia, end with nuclear devastation of Ukraine in globalist insurance fire, destroying all evidence of 30 years of offshore globalist crimes.
4. Add a fake war with China over Taiwan and the South China Sea, earning billions in foreign bribes paid to the globalist treasonous elite.
5. Lead your nation like an evil Pied Piper off the cliff of national destruction and permanent historical infamy.
7. Added bonus, leftists get to blame old white men for destroying the country, paving the way for a further race war in America.

LEFT FACISM IS THE BEST:

Just like Jimmy Carter creating Al Qedia and the Senior Executive Service, Joe Biden is using woke facade to do a controlled demolition of the national spirit and implement permanent damage to the soul of America.

THE BLUE TOWN DUMPSTER FIRE PARTY

Revolutionary Suicide

Mix poisons into health drinks and forcibly serve to brainwashed death cult.

EVOLUTION OF KOOLAID

The first experiences in the modern era of Revolutionary Suicide occurred during the end of the hippy era when bad acid was introduced into an emerging anti-war and anti-poverty alliance.

The anti-war/anti-poverty populist alliance was fed poisonous mind-altering cocktails, and ideas of liberty and self-organization were replaced with satanic “do what thou wilt” degradation.

The 60s revolutionary suicide generation is the Boomers, especially on the globalist establishment Left, such as the Clintons, who sold their soul to the devil for the price of an acid tab in 1969.

The Californian computer industry, and the early internet of San Francisco via Wired magazine, was a direct continuation of this virtual and digital culture revolutionary suicide.

The Burning Man Festival is inside a pentagram, is the pilgrimage of transhumanist evil each year, and ends with the ritual destruction of the burning of a man.

BLM and Antifa riots of the Trump administration brought revolutionary suicide to the Democrat (s)election machine smart cities.

Nuclear war with Russia over Ukraine is the ultimate Revolutionary Suicide.

Yes We Can!.

MAKE THE DESSERT

Beat lies, distortions, half-truths, and misrepresentations together in a fake news echo chamber. Isolate and slander victims, targeting their entire network and community, with a particular focus on their children and grandchildren. Grandparents will do anything to protect grandkids.

Orchestrate public humiliation rituals, such as fake Congressional hearings, so tarnishing the victim that they are permanently crippled and disciplined. If possible, trigger victims and magnify human weakness into monstrous defects.

Reverse all lawfare attack techniques to defend the corrupted Illegal Republic elite.

SCAMDEMIC PLANDEMIC

Covid Clearances

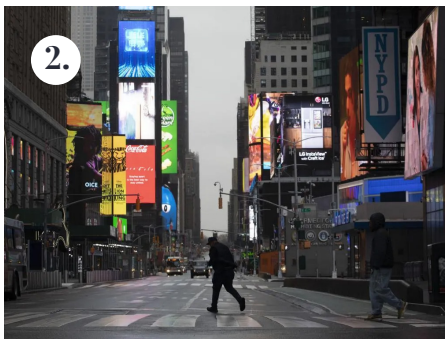

1.

Criminalize face-to-face humanity and society

The first step in the Covid Clearances is to criminalize face-to-face social interaction, using the Covid 19 Scamdemic/Plandemic as an excuse. Church, schools, social groups, small businesses, and non-leftist political rallies are all illegal and will be brutally suppressed by the covid police.

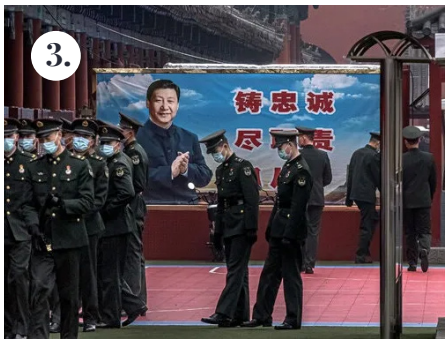

Lock-down society in home arrest, force all interactions online, boosting porn, drugs, government dependency, big tech platforms, and big box stores. Profit.

2.

Bankrupt small business

Criminalize small businesses that are traditionally Republican, conservative, and nationalist. Destroy multi-generational small business family wealth in 18 months. Forcing home arrest and shutdowns never seen in Western society, not even in war. Reframe humans as disease sleeper cells, repurposing the War on Terror infrastructure internally, inverting thousands of years of democratic progress. Convert health care into counter-terrorism aimed at citizens.

3.

Acquire cleared resources

Big tech and globalists acquire real estate and market share at an unprecedented rate. Demolish small business commercial real estate holdings—clear NIMBY hipsters from inner-city villages like San Francisco. Use the manufactured “homeless crisis” and the evidence of the replacement invasion itself as justification to change all planning & zoning. Corrupt real-estate developers build high-rise projects for the globalist garrisons of replacement invaders.

4.

Replace with invaders

Build high-rise housing projects in formerly low-density zones occupied by small business patriots, conservatives, and independents. Flood neighborhoods with multiple factors of replacement invaders specifically requiring non-citizenship, no integration, or no assimilation. These China Cartel globalist garrisons of replacement invaders are perfect for tasty gerrymandering of stubbornly conservative or NIMBY independent locations, divide and conquer, corrupt security-state war at home, and future purge events.
